

Standard Division Document School Year 2017-2018

Course: English II

The ELA Standard Division Documents for High School English Language Arts are designed to provide teachers with a framework of the Common Core State Standards, for progression through the standards over the course of a year. The standards are divided into three six-week periods, indicating areas of focused instruction, followed by development and mastery of the standards.

Focused standard instruction can be implemented earlier than indicated on the SDD. *Please note: Focused Instruction is not “teaching in isolation”.* Reading Literature and Reading Informational Text have paired objectives that could be effectively taught together (e.g., RL.9-10.1 and RI.9-10.1). These paired objectives, as well as complementary standards in Writing, Speaking and Listening, and Language, should be taught and practiced together to ensure a well-rounded literacy experience, and to build toward the effective completion of culminating performance tasks.

Each SDD has accompanying *Standards at a Glance for Focused Instruction and Assessments*. The *Standards at a Glance: Assessments* provides an overview of where specific standards will be assessed at the school, district, and state level. The SDD provides a guide for what standards may appear on the Benchmarks, which standards should be included on school-level assessments and those that may be assessed on the final State Common Exams (MSLs). School-based common assessments should be collaboratively developed by departments to be used for assessing the Standards and for providing formative assessment data for improving and differentiating instruction. These school-based assessments may include Performance Tasks that ask students to demonstrate their acquisition of skills, knowledge and understandings described in the Standards (e.g., portfolios, research projects, products and presentations).
